Flipping Pancakes

The Broncobots started the 2024 season with our annual pancake breakfast! At the event, the team invited community members, families, and other teams to enjoy a pancake breakfast and silent auction before watching the FRC game reveal on kickoff day. We would like to thank all who participated in the morning's festivities and the gracious donations of local businesses who made the morning a fantastic success.

This Week @ The Shop

This week, Broncobots started prototyping for our 2024 season robot and are attempting to finish the entire bot by February 3rd! The team set this ambitious goal earlier this year, giving us more time to fine-tune the robot and allow our programmers more time to perfect the code. During the week, we faced three snow days, moving our work to online spaces and giving us time to CAD different prototype designs.

Accuracy of 2 notes!

New Year, New Shop

As week 1 of the build season rolls around, our team is finally using our new shop for the first time. The Broncobots moved into our brand-new shop space provided by the LSR7 School District, and team members are already beginning to see this investment pay off. Being on the LSN campus allows for a seamless transition between the school and robotics, eliminating the travel commute and allowing more student participation.

Weekly Sponsor Shout-Out

This week's Sponsor Shout-Out goes to SoundWorks. Thank you so much for your continued support and sponsorship through monetary donations!

Broncobots Spotlight

Alum: Amber Z.

Graduation Year: 2015

Job: Assistant Electrical Designer at Burns & McDonnell

Favorite personal achievement while on the team: Winning the Chairman's award in Sophomore year.

Fun Fact: Owns a small business called [Design-her Tees](#).

Mentor: Scott H.

Years on the team: 8

Role on the team: Scouting, Strategy, and Data Analytics

Favorite achievement on the team: Developing scouting tablets.

Fun Fact: Enjoys books. The Hunger Games series is his favorite.

Student: Cale H.

Years on the team: 4

Role on team: Strategy, CAD, & Mechanical

Favorite personal achievement: Designing 2023 telescoping arm-bearing blocks.

Fun Fact: Goes to (almost) every Chiefs game.

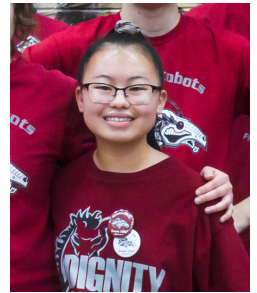

Student: Kiera L.

Years on the team: 1

Role on team: CAD and Mechanical

Favorite part of being a Broncobot: Interacting with teammates and meeting new people.

Fun Fact: Is interested in learning Hmong.

Calendar

- March 7 - 9: Central Missouri Regional
- March 14 - 16: Heartland Regional
- April 4 - 6: Greater Kansas City Regional
