Media Grant!

This week, the Broncobots Media Team received a \$1,010.98 student-led grant from the Lee's Summit Education Foundation! This grant provides our team members with a camera, a gimbal, and two lenses, allowing us to use high-quality equipment for continual media growth. Our team would like to thank LSEF for supporting the Broncobots and STEM in our community.

This Week @ The Shop

This week, Broncobots continued working on our alpha robot design. The CAD for the first iteration is finished, and manufacturing is underway. We also finished organizing the road pit case while the media team worked on writing our Impact & Woodie Flowers Essays.

Broncobots Spotlight

Alum: Connie W.

Graduation Year:

2017

Job: Project Control
at Burns & McDonnell
Favorite

achievements while

on the team: Being able to
operate the mill.
