

The Broncobots Bulletin.

Building REBUILT

2/7/26 - This week, Broncobots continued work on the field build. Said Reuben L. "We've made a lot of progress, and it's really fun to see it come together." A special thanks goes to our parents and volunteers who have come together to make this project go. Broncobots look forward to opening the field to practice and for other teams to attend in the near future!

This Week @ The Shop

This week, programmers got their first hands-on with robot systems. After weeks of CAD and design, the first version of the robot is taking shape. While broncobots now have a working bot, the goal is to continue to iterate with ideas after V1, making adjustments to subsystems before the big day at the Heartland Regional!

Broncobots Spotlight

Shiloh Z.

Years on team: 2

Role on team: CAD & Manufacturing

Fav. team memory: Driving the robot at GRC

Fun fact: Plays electric guitar

Anderson H.

Years on team: 1

Role on team: Assembly and Programming

Fav. part of the shop: Hanging out with teammates

Fun fact: Fav. animal is a cow

Sponsor Shout-Out

This week's shout-out goes to Venture Industrial Products! Their assistance in donating manufactured parts continues to mean that Broncobots can practice and compete at the highest level!

Calendar

- March 8: R-7 Alliance Open House
- March 19-21: Heartland Regional
- April 2-4: City of Fountains Regional
- April 9-11: Greater Kansas City Regional
