

The Broncobots Bulletin.

Happy Mentor Appreciation Week!

2/14/26 - This week, the Broncobots would like to thank all our mentors for volunteering their time during the FIRST season and beyond. 40% of our current mentors are Broncobots alumni, an exemplification of our incredible team environment. It's with their help that things run smoothly throughout the whole season and beyond!

This Week @ The Shop

Currently, V2 CAD has been in full gear. Broncobots have been working hard to make improvements to the robot and CAD. Field build is almost finished, and testing on V1 has begun. With a month until Heartland, our team is hard at work.
